

Group Crisis Intervention June 27-28, 2016

Stanislaus County Sheriff Department is hosting a Critical Incident Stress Management (CISM) Group Support Training June 27-28, 2016 in Modesto, Ca.

The course is intended for law enforcement, fire, EMS, dispatch and agency personal who have been trained in peer support to identify with their peers who have experience a critical incident.

Fundamentals of Critical Incident Stress Management (CISM) will be out lined and participants will leave with knowledge and tools to provide several group crisis interventions, specifically demobilizations, defusing and the Critical Incident Stress Debriefing (CISD)

Location: Stanislaus County Sheriff Regional Training Division
3805 Cornucopia Way Modesto, Ca. 95358 Classroom #7

Date: June 27-28, 2016 **Time:** 0800-1700

Tuition: \$195.00/ea.

Registration: www.sheriffstraining.org with on-line payment by Credit Card

Payment by check, please make payable to Stanislaus County Sheriff

No-Shows and those not canceling 14 days prior to first day of class will be charged full tuition fee. Cancellations must be submitted in writing.

Question on registration contact J. Schwandt at jschwandt@stanislaussheriff.com

Instructor: Dr. Daniel Clark is a licensed clinical psychologist working in that capacity for WSP. He served in the gulf war where he treated significant trauma and PTSD. Dr. Clark has been teaching critical incident management for decades and has served as past president of WA CISM Network and is a faculty member of the International Critical Incident Stress Foundation.
